In the Abstract

Page 105, line 8, between 'Flos Lonicerae' and 'Fructus Forsythiae,' please add a comma.

4/

In the claims:

Please cancel claims 1-3, 33-43 without prejudice to the applicant's rights to pursue the subject matters in a future application.

Please add new claims 44-55:

--44. (New) A composition comprising supercritical extracts of *Flos Lonicerae* and *Fructus Forsythiae*, aqueous extract from *Flos Lonicerae* and *Fructus Forsythiae*, aqueous extract of *Radix Scutellariae*, and a suitable carrier.--

C | --45. (New) An antiviral, antibacterial, anti-anaphylaxis, anti-inflammatory or antifebrile pharmaceutical composition comprising composition of claim 1 and *Radix Scutellariae* and a pharmaceutically acceptable carrier.--

--46. (New) A composition of claim 1, wherein the ratio of ingredients *Flos Lonicerae*, *Fructus Forsythiae* and *Radix Scutellariae* is approximately 1:2:1.--

--47. (New) A composition of claim 1 comprising about 90-180 parts of aqueous extract of *Flos Lonicerae* and *Fructus Forsythiae*, about 10-60 parts of supercritical CO₂ extract of *Flos Lonicerae* and *Fructus Forsythiae*, about 30-50 parts of aqueous extract of *Radix Scutellariae* and 23-125 parts of excipients.--

--48. (New) A composition of claim ~~47~~ comprising about 0.01 percent to about 99.99 percent of effective extract or

combination of extracts, and about 99.99 percent to 0.01 percent of medical recipients. --

--49. (New) A composition of claim 47, wherein said extract or combination of extracts are presented in the following formula: about 10 percent to 100 percent *Flos Lonicerae*, about 10 percent to 100 percent *Fructus Forsythiae* and about 10 percent to 100 percent *Radix Scutellariae*.--

--50. (New) A composition as in claim 47, further comprising about 1.3 percent to 1.6 percent of chlorogenic acid, 0.2 percent to 0.3 percent of phillyrin and about 14.1 percent to 15.3 percent of Baicalin.--

C
--51. (New) The composition of claim 45, wherein said extract or combination of extracts has antiviral activity against herpes I virus and herpes II virus.--

--52. (New) An antibacterial composition of claim 45, wherein said extract or combination of extracts has antibacterial activity against *Bacillus cereus*, *shigella shigae* and *Bacillus coli*. --

--53. (New) An anti-anaphylaxis composition of claim 45, wherein said extract or combination of extracts can inhibit ileum contraction induced by histamine.--

--54. (New) An anti-inflammatory composition of claim 45, wherein said extract or combination of extracts can inhibit leukotaxis, xylene-induced inflammation and albumen-induced inflammation.--

--55. (New) An antifebrile composition of claim 45, wherein said extract or combination of extracts can inhibit typhoparatyphoid A and B-induced pyrexia.--
